AIRFRYER SUPER CRUNCH JULIENNE

600 G

The Super Crunch fries line was created specifically for even more crunch – and the Airfryer version makes it possible to achieve this effect faster and without using oil. Fries prepared in an Airfryer are ready in about **7 minutes** and retain heat longer than standard products. Super Crunch Airfryer Julienne are exceptionally thin and long straight-cut fries (7.4 mm), which – thanks to their rice-flour coating – become light, evenly baked, and distinctly crispy.
